beat the winter blues part one

Feeling down? Winter blues will subside with the warmer, brighter days of spring. But there's no reason you have to wait until then to feel better. Here's a look at some proven remedies that can have you feeling happier and more energetic fast.

1. Eat a Serotonin-Boosting Diet

If you've got winter blues, you may find yourself craving and eating more sugar and refined carbohydrates than usual. A healthy diet should emphasize vegetables, fruit, protein sources, and healthy fats, but you don't have to completely give up eating carbohydrates. Practice moderation.

2. Take the Right Supplements

See your medical provider or pharmacist to see if these supplements may help you fight the blues: fish oil, vitamin D, or tryptophan.

3. Get Cozy

Take a cue from Scandinavians who contend with long, bleak winters. They don't look at winter as something to be endured. They embrace winter, and one of the ways they do this is by getting cozy. The Danes use the winter as a time to slow down and enjoy being at home, reflecting, and spending quality time with friends and loved ones. By changing your mindset to embrace, rather than resist, winter, you too can enjoy this time of year more.

4. Get Some Physical Exercise

Exercise is one of the most important things you can do to stay happy, not just during the winter, but all year long. So get some physical exercise, preferably outdoors. Invest in warm winter clothing so you'll be relatively comfortable. It's not always easy or pleasant to exercise in inclement weather, but even a 15-minute walk can increase feel-good brain chemicals like serotonin, dopamine, norepinephrine, and endorphins. If exercise outdoors is not possible, exercise indoors. Move your yoga mat or treadmill to a nearby window to get more daylight, if you can.

NOTE: If you feel your winter blues might be a sign of depression, please contact your medical provider.

Presidents Day

In 1776, Thomas Jefferson authored the Declaration of Independence. He served as the first U.S. Secretary of State and later as the second Vice President. He was elected the third President of the United States in 1801.

One of President Jefferson's many achievements was the Louisiana Purchase. He acquired land from France and doubled the size of the U.S. **Every February, we honor all of America's Presidents.**

First of all, thank you to Teddy Louise James, and her amazing team of volunteers who worked so hard organizing The Cory Lurz Benefit that was held at the Kadoka Annex Friday, Jan. 26. The food was awesome, and the turnout was incredible. Thank you to all those who donated their time and food. Thank you to the many families, and friends who came from miles away to help show their support for Cory.

Secondly, thank you to ALL of the people who visited at the hospital, stayed overnight, drove, sent cards and emails, brought food, made phone calls, gave hugs, sent prayers, made donations, gave their time, and energy; and most of all for the never ending love, and devotion you have shown for Cory. There are too many names to list individually. Just to name a few, thank you to Heidi and Sauntee Coller and their LurzWarriors for sitting with Cory; the DOT workers, and their families for all their help; Brandee Hauptman for organizing the LurzStrong Shirts; the KHS Class of 1997, and Ann Fugate for setting up the BankWest account; Luke Neville for the Hair Hats; the list goes on and on. We are undeserving of all your kindness.

Words cannot express our appreciation for the support from the whole community. We are indebted to you forever. Please keep praying for Cory! He has a long journey to recovery at Madonna Rehab Hospital in Omaha, NE, over the next six weeks, and his continued recovery when he returns to South Dakota. We will get him through this! We are LURZStrong!

God bless you all,
